SONNET WORKSHOP HANDOUT

Sonnet Goals Form

Congratulations! Completing the sonnet workshop is a huge step in the process of preparing your sonnet for the formal recitations next week.

Here's your next step:

1. Carefully review all of the feedback provided by your classmates and your teacher on the *Sonnet Feedback Forms*.

Note the following:

- **similarities** among the comments
 - **differences** among the comments
 - comments you **expected**
 - comments that **surprised** you
 - the comment that **pleased** you the most
 - the comment that **concerned** you the most
 - any other responses
2. In the space below (and on the back if you choose), write a letter to yourself in which you set some goals about how you would like your sonnet to evolve before the final presentation.

Dear Self,

Break a leg at the formal sonnet recitation!

All the best,

NOTE: This handout connects to Week 5: *Workshopping the Sonnets*.
